XP=Powered X boat.
Rescue craft are not listed for lifeguard areas.

RNLI

PURPOSE

The RNLI saves lives at sea.

VISION

To end preventable loss of life at sea.

VALUES

Our work is founded upon, and driven by, our values. Our volunteers and staff strive for excellence and are ...

Selfless: willing to put the requirements of others before our own and the needs of the team before the individual, able to see the bigger picture and act in the best interests of the RNLI, and to be inclusive and respectful of others. Prepared to share our expertise with organisations that share our aims.

Dependable: always available, committed to doing our part in saving lives with professionalism and expertise, continuously developing and improving. Working in and for the community and delivering on our promises.

Trustworthy: responsible, accountable and efficient in the use of the donations entrusted to us by our supporters, managing our affairs with transparency, integrity and impartiality.

Courageous: prepared to achieve our aims in changing and challenging environments. We are innovative, adaptable and determined in our mission to save more lives at sea.

THINGS WE WILL NOT CHANGE

Volunteer Ethos

Our lifesaving service is provided wherever possible by volunteers, generously supported by voluntary donations and legacies.

Independent of Government

We do not seek funding from central Government.

Major charity, community based

We operate through local teams, centrally directed and resourced.

Maritime

Our exceptional expertise is in the preservation of life at sea and on the water through prevention and rescue.

Heritage

We are proud of our history and tradition and of the RNLI's achievement of saving lives over nearly two centuries.
